

The Board of Directors and staff of the Vail Valley Foundation extend their deepest sympathies to the Gallegos family and the staff of Gallegos Masonry.

Gerald was not only a tremendous proponent and board member of the Vail Valley Foundation, but of building this entire valley, both literally and figuratively.

He was a champion of education and worked tirelessly on many initiatives that ensure that the Vail Valley is a better place to live and visit.

Gerald will be deeply missed, but we are proud to have had the chance to know and work with him.
